July 24, 2017

Greetings,

On Thursday, August 3rd at 1:00pm, I will be hosting a presentation by the law firm of Robbins Geller Rudman & Dowd LLP. This is the same law firm that successfully secured a \$7 billion+ judgment against Enron.

They have been researching the potential for litigation against the opioid producing pharmaceutical companies and will present their findings. Most recently after a similar presentation to the City of Delray Beach, that City decided to engage this firm to initiate legal action to recover the millions of dollars Delray has spent on their opioid overdose crisis. Other cities, counties and states around the country have done the same. We have a similar issue with spiraling and uncontrollable costs related to this tragedy.

I have attached a flyer produced by the law firm. They have a power point presentation and will answer all questions after their presentation. I hope you can make it.

Regards,

A handwritten signature in black ink, appearing to read "Bill Gulliford", is written over a faint, larger version of the same signature.
