 MAYOR'S PROPOSED FY 2017/18 BUDGET
 CAPITAL IMPROVEMENT PLAN**

The Capital Improvement Plan (CIP) is a multi-year forecast of major capital buildings, infrastructure, and other needs. The City has adopted in Jacksonville Municipal Code Section 106.109 Capital Improvement Funding a “Capital Improvement Plan that is designed to be financially feasible and provides the funding source and amount of funding for the capital costs of each project, and the funding source and amount of funding for the anticipated post-construction operation costs of each project”. The Five-Year Capital Improvement Plan is filed and approved each fiscal year concurrently with the annual budget.

Schedule	CIP Book Reference	PDF Page
General Capital Projects	Tab II	17-19
Miscellaneous Capital Projects	Tab III	223
Stormwater Capital Projects	Tab IV	239
Solid Waste Capital Projects	Tab V	263
Capital Improvement Projects Not Lapsed	Tab VI	273

The following pages of our handout include additional detail, notes, and recommendations on the CIP.

DETAIL/NOTES:

1. Some projects in the CIP are funded by paygo from current projects. The table below identifies projects in the CIP and the project from which funds are being appropriated.

Project Name in CIP	Transfer “from” Project	Amount of Transfer
San Jose Blvd Sidewalk - New	Southeast Planning District, Sector 3-3	\$16,727
Shindler Drive Sidewalk - New	Southwest Planning District, Sector 4-1	\$14,898
Lenox Ave Sidewalk - New	Southwest Planning District, Sector 4-2	\$8,645
Clyde Drive Sidewalk - New	Northwest Planning District, Sector 5-2	\$1,540
Braddock Road Sidewalk - New	North Planning District, Sector 6-2	\$82,052
Lansdowne Drive Sidewalk - New	Greater Arlington Planning District, Sector 2-2	\$43,081
Huguenot Memorial Park Beach Access	Open Space Fees – Planning District 6 North	\$44,250

	Total	\$307,693

2. One project in the CIP is funded from a trust fund. The table below identifies the project in the CIP and the trust fund from which it is being funded. See recommendation #7.

Project Name in CIP	Trust Fund	Amount
Touchton Road Park	Neighborhood Enhancement Trust Fund (Pari-mutuel Trust Fund)	\$229,000

3. The Urban Core Renewal/Dallas Graham Replacement project is being funded for \$330,560 from library fine revenue. Section 11.8 of the Budget Ordinance contains a provision that the expenditure of funds from the Library Fines Special Revenue Fund appropriated in the 17/18 budget shall not be expended without proof of revenue to fully fund the capital improvement. See recommendation #1.
4. Ordinance 2015-428-E established recurring capital maintenance suggested minimums and targets. The table below reflects those amounts and the amounts funded in the 2017/18 CIP budget.

Recurring Capital Maintenance Needs

Capital Maintenance Area	Suggested Minimum	Target	Proposed Amount

 CAPITAL IMPROVEMENT PLAN**

5. Some projects in the CIP are funded from grants. The table below identifies projects in the CIP and the grantor from which they are being funded. See recommendations #8 and #9.

Project Name in CIP	Grants	Amount
Pedestrian and Bicycle Safety Improvement Project	State Appropriations bill	\$1,100,000
J.P. Small Park Museum Improvements	State Appropriations bill	\$550,000
ADA Compliance - Curb Ramps and Sidewalks	CDBG	\$950,330
	Total	\$2,600,330

6. \$948,000 has been placed within cash carryover in Subfund 322 as part of the Finance Committee's earlier budget hearing actions. The Administration has requested this balance be used to address project funding that was determined unavailable. See recommendations #3 and #4.
7. There is one CRA project that was previously discussed with the CRAs. It is not part of the CIP, but the Armsdale Road/Duval Road improvement project does have a corresponding appropriation within Subfund 32T. It is presented here for your discussion.

Project Name	Funding Source	FY 17/18 Appropriation
Armsdale Road/Duval Road Improvement	JIA Area CRA – Subfund 185	\$3,300,000

RECOMMENDATIONS:

1. The Administration has requested that the \$330,560 appropriation for the Public Library Urban Core Renewal/Dallas Graham Replacement project be delayed one year to FY 18/19 and the five year schedule be amended to include \$1,273,040 in FY 19/20 to ensure that revenues from the library fines will be sufficient to cover the cost of the project. If the project is delayed, the Section 11.8 provision of the Budget Ordinance is not necessary and should be removed.
2. There is insufficient funding in Subfund 44F (Solid Waste Pollution Remediation) to fund the Southside Incinerator Site Outer Sites (\$300,000) and the Jax Ash Site Pollution Remediation (\$200,000) projects. The Administration has requested:
 - a. \$300,000 be added to debt to fund the Southside Incinerator project; and
 - b. The \$200,000 Jax Ash Site project be funded with the Subfund 322 General Capital Projects cash carryover discussed on the following page.

**COUNCIL AUDITOR'S OFFICE
 COMMENTS AND RECOMMENDATIONS
 MAYOR'S PROPOSED FY 2017/18 BUDGET
 CAPITAL IMPROVEMENT PLAN**

3. The Administration has requested that of the \$1,101,378 shortfall discussed in the Local Option Gas Tax handout (Subfund 143) during Meeting #4, \$1,000,000 be applied to the Countywide Intersection Imp & Bridge Rehab – Intersections project and \$101,378 be applied to the Countywide Intersection Imp & Bridge Rehab – Bridges project. They have recommended funding the \$1,000,000 shortfall in the Countywide Intersection Imp & Bridge Rehab – Intersections project with new debt and the \$101,378 shortfall in the Countywide Intersection Imp & Bridge Rehab – Bridges project with the Subfund 322 General Capital Projects cash carryover discussed in the item below.

4. Based on our review, the proposed funding sources for the following projects do not have sufficient balances to support the proposed appropriations. The table below details the projects and the amount of the shortfall. The Administration has requested that the cash carryover balance of \$948,000 in Subfund 322 be used to fund the amount of the shortfall for the projects listed below.

Project Name in CIP	Proposed Funding Source	Appropriation	Amount Available	Shortfall
Sidewalk/Curb Construction and Repair	Interest	\$607,159	\$552,988	\$54,171
Sidewalk Construction – New	Interest	\$372,518	\$300,692	\$71,826
Jax Ash Site Pollution Remediation	Interest	\$75,212	\$73,575	\$1,637
Jax Ash Site Pollution Remediation	Paygo	\$200,000	\$0	\$200,000
Braddock Road Sidewalk - New	Interest	\$5,966	\$4,489	\$1,477
Countywide Intersection Imp & Bridge Rehab - Bridges	Paygo	\$2,561,217	\$2,459,839	\$101,378
			Total	\$430,489

5. Correct the project numbers and budgeted index codes for stormwater projects to differentiate between drainage system maintenance versus drainage system capital improvements. This does not impact funding by project or funding in total for stormwater capital projects.

6. Municipal Code Sec. 754.112 states that of the revenues received from stormwater service charges and the user fee reduction subsidies, “the greater of \$4 million or 15% of the total revenue received whichever is higher shall be appropriated for stormwater capital projects, and no less than \$6 million shall be designated Drainage System Rehabilitation.” The Mayor’s proposed budget meets the minimum required funding for DSR but does not meet the required minimum funding for stormwater capital projects.

**COUNCIL AUDITOR'S OFFICE
 COMMENTS AND RECOMMENDATIONS
 MAYOR'S PROPOSED FY 2017/18 BUDGET
 CAPITAL IMPROVEMENT PLAN**

Project	Minimum per Code	Mayor's Proposed Budget	Difference
Stormwater Capital Projects	\$4,437,603 (\$29,584,022 x .15%)	\$4,000,000	(\$437,603)

We recommend:

- a. A waiver of this Code requirement; and
 - b. The Administration has requested that the \$437,603 difference be funded from the cash carryover created within Subfund 322 General Capital Projects and be applied to the LaSalle Street Outfall project to meet the minimum funding with a different source.
7. The Touchton Road Park project is being funded in part by a \$229,000 transfer from Subfund 64F (pari-mutuel trust). However, the transfer from Subfund 64F to the capital project subfund was not included in the proposed budget. We recommend budgeting the transfer from Subfund 64F to the capital project subfund.
 8. Correct the amount shown under the Grant/Trust Fund column on the five year schedule for ADA Compliance - Curb Ramps and Sidewalks project. This amount represents CDBG funds and needs to be reduced from \$950,330 to \$900,000 to reflect the funding appropriated via the CDBG legislation Ord. 2017-429-E. This appropriation should be removed from the one year schedule.
 9. Remove the budgeted revenue and expenditure for the grant funded portion of projects (Pedestrian and Bicycle Safety Improvement Project - \$1,100,000 and J.P. Small Park Museum Improvements - \$550,000) from the CIP budget and remove from the one year schedule. The grants have not yet been received. The Administration will bring legislation to appropriate the grants once they have been received. The projects will remain in the 5-year CIP schedule. Additionally, correct the grant funding amount for J.P. Small Park project on the 5-year CIP schedule from \$550,000 to \$500,000 to agree with the State appropriations bill.
 10. The Administration has requested the following projects be moved up from FY 2018/19 to FY 2017/18 and be funded from Loblolly Mitigation funds:
 - a. Jax-Baldwin Rail Trail Buffer – Develop Park and Upland Restoration - \$378,000
 - b. Beach & Peach Urban Park - \$436,000

 CAPITAL IMPROVEMENT PLAN**

11. Remove the Ferry Fender System project from the CIP. This project will remain funded and will still be tracked within the City's financial system; however, the project is not related to a City asset.
12. Correct the expenditure subobject for the Southside Senior Center project (\$600,000) from Other Construction Costs to Engineering/Design.
13. Correct the budgeted revenue subobjects for the Mayport Docks project. The amounts appropriated for interest and paygo were reversed in the proposed budget. This does not impact total funding for the project.
14. Correct the budgeted revenue subobject for the Mandarin Rd. Sidewalk – New project from Southeast Planning District Sector 3-2 reserves to interest. This does not impact total funding for the project.
15. Correct the one year schedule to reflect the budgeted revenue for Clyde Drive Sidewalk – New project. The schedule shows a \$31,133 appropriation in the Transfers from other Projects but this amount should be shown in the Interest column.
16. Correct the one year schedule to reflect the budgeted revenue for Chaffee Road project. The total appropriation of \$587,035 should be shown in the Interest column.
17. The Administration has requested to make changes to the CIP project information sheets for the following projects and associated reasons.

Project Name	Reason for Change
Courthouse-Old Duval County Remediation/Demolition	Scope amendment
Old City Hall – Remediation/Demolition	Scope amendment
McCoy's Creek Improvements/pipe removal	Scope amendment
Childrens Way/Nira Street Ped Improvements	Scope amendment
Rowing Center	Scope amendment
Corridors of Significance	Scope amendment
Pine Forest Elementary Park	Scope amendment
Jackson Street Floating Dock	Correct Council District
Southbank Floating Dock	Scope amendment

18. The Administration has requested the Hanna Park – Splash Park project be added to FY 2018/19 in the 5-year Plan at an amount equal to \$500,000. This project was in last year's CIP, but was removed due to miscommunication.

 COMMENTS AND RECOMMENDATIONS
 MAYOR'S PROPOSED FY 2017/18 BUDGET
 CAPITAL IMPROVEMENT PLAN**

19. The Administration has requested the project "Inventory of trees in City ROW's and Parks" project be removed from the CIP due to the recent passing of Ordinance 2017-302-E to conduct a very similar project.

20. The Administration has requested the project "Southbank Riverwalk Extension & Enhancements" have the funding of \$500,000 in FY 2018/19 be removed and transferred to a new project titled "Civic/Cultural Riverwalk Node – Northbank" with funding of the same amount and year funded.

21. Adjust project names, numbers, and prior years funding amounts for schedule presentation purposes as necessary for continuity.

If all recommendations have been adopted, the table below represents the funding sources as proposed versus the recommended amounts.

Funding Source	Proposed Amount	Recommended Amount	Difference
Transfer Between Projects	\$691,024	\$0	(\$691,024)
Paygo	\$43,190,089	\$42,499,400	(\$1,504,689)
Interest	\$1,033,381	\$1,598,534	\$565,153
Debt	\$102,770,922	\$103,758,422	\$987,500
Grant/Trust Fund	\$2,829,330	\$229,000	(\$2,600,330)
Total	\$150,514,746	\$147,271,356	(\$3,243,390)

If recommendations have been adopted as requested by the Administration, the balance of the Cash Carryover created within Subfund 322 that will remain is \$79,908.

MAYOR'S PROPOSED FY 2017/18 BUDGET
DEBT MANAGEMENT FUND (S/F 592)**

PROPOSED BUDGET BOOK - Page # 121-122

BACKGROUND: The City routinely accesses the capital markets to facilitate the purchase of capital assets and to build, improve, and maintain public capital infrastructure. This fund houses that activity including the authorized borrowing amount and the anticipated debt service repayments from the various City departments and funds.

REVENUE:

1. Charges for Services
 - This revenue item represents the repayment of debt from user departments into this fund.
2. Other Sources
 - This amount represents the FY 2017/18 authorized new borrowing as detailed in the B4 schedule (see recommendation below).

EXPENDITURES:

1. Other Operating Expenses
 - This amount represents the cost of administering the fund for FY 2017/18.
2. Debt Service
 - This amount represents the payment to various financial institutions and debt service funds for the cost of commercial paper loans as well as principal, interest, and fiscal agent fees for bonds. The net increase of \$6,149,173 is mainly due to an increase of \$7,756,793 in principal and interest payments related to existing and proposed short term debt service and a decrease of \$1,607,120 in principal payments and interest payments on existing and proposed long term debt.
3. Payments to Fiscal Agents
 - This is the amount that will be loaned to City agencies from the Debt Management Fund during FY 2017/18.

DEBT MANAGEMENT FUND DETAIL:

The table on the next page contains a detailed listing of the new items to be financed through the Debt Management Fund.

MAYOR'S PROPOSED FY 2017/18 BUDGET
BETTER JACKSONVILLE PLAN (S/F 1I1)**

PROPOSED BUDGET BOOK - Page # 117-118

BACKGROUND:

This subfund was established to house the financial details related to the Better Jacksonville Plan (BJP). The Better Jacksonville Plan was approved by voters in 2001 and is a \$2.25 billion comprehensive growth management program that provides road and infrastructure improvements, environmental preservation, targeted economic development and new and improved public facilities funded by a half-cent sales tax. The various projects and programs funded by The Better Jacksonville Plan are administered by the City of Jacksonville, the JEA, and the Jacksonville Transportation Authority in cooperation with the Florida Department of Transportation. This is an all years subfund and as such prior year budgetary adjustments are part of the new-year proposal.

REVENUE:

1. Taxes
 - This represents the portion of the FY 2017/18 anticipated revenue from the Local Option Sales Tax necessary to balance the fund.
2. Intergovernmental Revenue
 - This represents the IRS Build America Bonds (BABs) subsidy.
3. Investment Pool / Interest Earnings
 - The decrease of \$119,653 is due to no investment earnings being used to fund debt service in FY 2017/18.
4. Transfers from Component Units
 - The budgeted amount of \$8,958,412 represents the available balance from prior years Constitutional Gas Tax revenues that were not previously budgeted.

EXPENDITURES:

1. Debt Service
 - The net principal payment of \$40,150,124 is based on a FY 2017/18 principal payment of \$40,367,388, which is reduced by a net \$217,265 due to an all years adjustment. The net interest payment of \$34,243,780 is based on a FY 2017/18 interest payment of \$36,438,821, which is reduced by \$2,195,041 due to an all years adjustment. Also, there is \$8,850 for fiscal agent charges. The FY 2017/18 proposed amounts on the following table reflect the total principal and interest debt service payments by issue with the total reduced by the all years adjustments.
