

Hurricane Preparedness Update

JEA is constantly improving our storm preparation and response capabilities.

Hurricanes Matthew and Irma presented unique challenges to our community.

JEA would like to share a brief overview of our new customer communication plan, Restoration 1-2-3, and highlight how we plan to address new challenges this storm season may bring.

Please join us for this informative hurricane preparedness presentation.

Please RSVP to Renee Goode at 904-665-5348 or by email goodrr@jea.com

Wed., June 20, 2018
9 – 10 a.m.
