Social Services:

The Social Services Division offers programs and services that help people enjoy a better quality of life in the community, particularly those with special needs. These services are designed for people with substance abuse and mental health issues, AIDS and HIV, victims of crime, and individuals in need of emergency financial assistance.

The Social Services Division has been serving Jacksonville since 1923 in various forms and under different names; it became part of local government in 1968 during Duval County's consolidation. The division administers and operates financial assistance, provides mental health and substance abuse referrals, in accordance with Chapter 28, Section 201, of the City of Jacksonville's Ordinance Code.

The Social Services Division provides vital funding to support eight State of Florida mandates, two city-mandated programs and four essential city services.
