Independent Auditor's Report

Board of Supervisors
Harbour Waterway Special District
11554 Starboard Drive
Jacksonville, Florida 32225-1015

I have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund of Harbour Waterway Special District ("the District") as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The District's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of the District, as of June 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consist of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated July 31, 2019 on my consideration of the District's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

In accordance with the *Rules of the Florida Auditor General*, I have also issued the management letter dated July 31, 2019.

Robert M. Thaggard, CPA

July 31, 2019

**Harbour Waterway Special District
Management's Discussion and Analysis
For the Year Ended June 30, 2019
(Unaudited)**

Management's discussion and analysis of Harbour Waterway Special District's (the "District") financial performance provides an analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

Overview of the Financial Statements

The District is engaged in a single governmental program and administers only two funds, the General Fund and the Reed Island Enterprise Fund.

The basic financial statements of the District include a combined governmental fund and a government-wide statement, as well as notes to the financial statements. There is additional supplementary information following these financial statements, which may be of interest to the reader.

The statement of Governmental Fund Balance Sheet/Statement of Net Position is designed to provide the reader with the financial position of the District and is similar to private-sector financial statements. The statements include a Statement of Net Position and a Statement of Activities.

The statement of Governmental Fund Balance Sheet/Statement of Net Position, general fund column shows the District's near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near term financing requirement.

All of the District's programs are considered to be governmental activities and are all related to the maintenance of the system of canals located in the Harbour, Harbour North, Harbour Cay, and Harbour Island neighborhoods. The District's primary source of funds for these activities is non-ad valorem assessment revenues from the property owners of the aforementioned neighborhoods.

The District has one business-type activity that is intended to recover any or all of these costs through user fees and charges. In February 2018 and again in April 2019, the District acquired a total of 182 acres from Jacksonville Port Authority and the City of Jacksonville on Reed Island as part of a plan to provide a permanent dredge disposal site for the District, other similar special districts, homeowner associations and private residences in Jacksonville. A Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position and a Statement of Cash Flows is presented for this Enterprise Fund, as applicable.

Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide financial statements.

Financial Highlights

The following are various financial highlights for fiscal year ended June 30, 2019:

The District completed its purchase of a 44 acre parcel of land known on Reed Island from the City of Jacksonville to be used for a dredge spoil site. The total cost was \$95,017.

The District serviced its debt of a \$450,000 Special Assessment Revenue Note with BB&T, the proceeds of which were used to purchase the aforementioned land for approximately \$300,000 and to payoff the remaining Series 2012 and 2013 Revenue Notes totaling \$143,000.

The District's overall net position increased by approximately \$102,645.

**Harbour Waterway Special District
Management's Discussion and Analysis
For the Year Ended June 30, 2019
(Unaudited)**

Financial Highlights (Continued)

Total ending net position was approximately a positive \$273,825.

The District had total expenses for the year of about \$96,423 compared to revenues of approximately \$199,068.

The District's acquisition of the Reed Island acreage for use as a spoil site will provide approximately 1.2 million cubic yards of fill space which is estimated to provide dredge material disposal requirements for the next 50 years. The District will reserve 350,000 cubic yards for its own needs and will make the remaining fill space available on a commercial basis.

In an exchange with an unrelated commercial dredge operator, the District is permitting the operator to use 300,000 cubic yards of the spoil site for deposit of dredge material, plus an estimated additional 120,000 cubic yards in exchange for spoil site development. The operator will pay tipping fees totaling \$1,687,500 over a 3 year period. In the fiscal year ended June 30, 2019 the District received 50% or \$843,750 as a downpayment. These fees have been reflected as unearned revenue in the accompanying proprietary fund financial statements.

Financial Analysis of the District

The following schedule provides a summary of the assets, liabilities and net position of the District.

Over time, net position may serve as a useful indicator of a district's financial position. In the case of the District, assets exceed liabilities by \$273,825 at the close of the fiscal year. This year of financial activity of the District reflects revenues in excess of expenses, resulting in an increase in net position.

	FYE 2019	FYE 2018
Current assets	\$ 1,433,584	\$ 328,995
Non-current assets	562,735	-

Expenses		
Depreciation/Amortization expense	372	3,940
Dredging expense	7,199	1,050
Other operating expenses	88,852	35,357
Total Expenses	<u>96,423</u>	<u>40,347</u>
Change in Net Position	\$ 102,645	\$ 160,611
Net Position - Beginning of Year	<u>171,180</u>	<u>10,569</u>
Net Position - End of Year	<u>\$ 273,825</u>	<u>\$ 171,180</u>

While the statement of net position shows the change in net position, the statement of revenues, expenditures and changes in fund balance provides answers as to the nature and source of these changes.

Budgetary Highlights

There were no changes between the original and final budgets for the General Fund.

Revenues received in the General Fund were \$204 less than the budgeted amount.

General Fund expenditures were \$161,902 lower than budgeted amounts due primarily to the delay in closing on the purchase of a Reed Island parcel from the City of Jacksonville for a spoil site and due to the absence of significant planned dredging activities due to this delay.

Personnel costs were a new item as the District hired a part-time District Manager in December, 2018 to oversee and manage the spoil site business-type activities. Personnel costs totaled \$31,179 in 2018-2019.

Economic Factors

The District's Board of Supervisors are anticipating that the District's financial condition will improve considerably due to the increase in its planned business-type activities in the future. With its land acquisitions the District will be able to provide dredge disposal services to other similar special districts and waterways in Jacksonville at favorable rates for at least the next 30 years.

Contacting the District's Financial Management

The financial report is designed to present users with a general overview of the District's finances and to demonstrate the District's accountability. If you have questions concerning any of the information provided in this report or need additional information, contact the District's Manager, Stanley H. Pipes, Jr. at 11554 Starboard Drive, Jacksonville, FL 32225.

Harbour Waterway Special District

Notes to Financial Statements

For the year ended June 30, 2019

Note 1 - Summary of Significant Accounting Policies

Reporting Entity

The District is a dependent special district, created in 2010 by the City Council under ordinance number 2010-725-E-of the City of Jacksonville, Duval County, Florida pursuant to Section 189.4041 of the Florida Statutes; adopting a charter for the Harbour Waterway Special District for the limited purpose of maintaining the system of canals located in the Harbour, Harbour North, Harbour Cay, and Harbour Island neighborhoods. It operates under the direction of a Board of Supervisors elected by the registered voters within the District.

The District uses the criteria established in GASB Statement No. 14 to define the reporting entity and identify component units. Component units are legally separate entities for which the primary government is considered to be financially accountable and for which the nature and significance of their relationship with the primary government are such that exclusion would cause the District's financial statements to be misleading or incomplete. There are no entities to consider for inclusion as a component unit within the District's reporting entity. The District did not participate in any joint ventures during the 2018-2019 fiscal year.

Basic Financial Statements

The District is engaged in a single governmental program and administers two funds, the General Fund and the Reed Island Enterprise Fund. The Statement of Net Position reports the District's financial position as of the end of the fiscal year for the General Fund. The District has taken the option of presenting combined fund financial statements and government-wide statements using a columnar format that reconciles fund financial data to government-wide data in a separate column.

The Statements of Governmental Fund Balance Sheet and Net Position reports the District's financial position as of the end of the fiscal year for both the General Fund and the governmental activities.

The Statement of Revenues, Expenditures and Change in Fund Balances and the Statement of Activities reports changes in the financial position of the General Fund and the governmental activities, and the degree to which functional activities are offset by program revenues for the governmental activities.

Measurement, Basis of Accounting and Financial Statement Presentation

The financial statement of the District are prepared in accordance with generally accepted accounting principles (GAAP). The District's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

The District's governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. Expenditures are recorded when the related liability is incurred.

Business-type activities and the proprietary fund financial statements are presented on the accrual basis of accounting. Fees and charges and other exchange revenues are recognized when earned and expenses are recognized when incurred.

Net Position

Net position represent the difference between assets and liabilities reported for the governmental activities. Net position is reported as restricted when there are externally imposed restrictions or restrictions imposed by enabling legislation. Unrestricted net position is net position that does not meet the definition of the classification previously described. As of June 30, 2019, the District had no restricted net position.

Harbour Waterway Special District
Notes to Financial Statements
For the year ended June 30, 2019

Cash and Cash Equivalents

All of the cash deposits of the District are placed with qualified public depositories and are insured by federal depository insurance.

Fund Types and Major Funds

Governmental Funds

General Fund - The general fund is the primary operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Proprietary Funds

Enterprise Fund - Enterprise funds are required to be used to account for operations for which a fee is charged to external users for goods or services. The activities reported in this fund are reported as business-type activities in the government-wide financial statements. The Reed Island Enterprise Fund is 182 acres with a 44 acre spoil site that is part of a plan to provide a permanent dredge disposal site for the District, other special districts, homeowner associations, and private residences in Jacksonville.

Budgets and Budgetary Accounting

The District prepares a budget for its General Fund-Statement of Revenues and Expenditures on a consistent basis, which does not differ materially from generally accepted accounting principles. The budget and amendments are approved by the District.

Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenues and expenses. Actual results could differ from those estimates.

Risk Management

The District is exposed to various risks of loss including general liability, property, and officials' liability. To manage its risks, the District has commercial insurance and participates in the Florida Mutual Insurance Trust administered by the Florida League of Cities. The District pays an annual premium to the Trust for its coverage. The premiums are designed to fund the liability risks assumed by the Trust and are based on certain actual exposures of each member.

Non-ad valorem Assessments and Collection

Florida Statutes requires that special districts provide for the collection and enforcement of non-ad valorem assessments, expressing the specific intent to use the uniform method of levy, collection and enforcement. The District has entered into an interlocal agreement with the Duval County Property Appraiser and the Duval County Tax Collector to administer the collection and enforcement of the non-ad valorem assessments.

Allowance for Doubtful Accounts

As explained in the paragraph above, delinquent taxes and special assessments are subject to collection by the Tax Collector's office through the sale of tax certificates on real property and the issuance of warrants for seizure and sale of tangible personal property. Consequently, an allowance for uncollectible accounts is not maintained because the District believes all amounts will ultimately be collected by the Duval County Tax Collector.

Note 2 - Concentration of Credit Risk

At June 30, 2019, a total of \$1,149,831 in cash is on deposit at one local financial institution which exceeds the federally insured maximum limits. The District has not experienced, nor does it anticipate, any losses with respect to such accounts.

Harbour Waterway Special District
Notes to Financial Statements
For the year ended June 30, 2019

Note 2 - Concentration of Credit Risk (Continued)

In addition to insurance provided by the Federal Deposit Insurance Corporation, deposits are held in banking institutions approved by the State Treasurer of the State of Florida to hold public funds. Under Florida Statutes Chapter 280, Florida Security for Public Deposit Act, the State Treasurer requires all Florida qualified depositories to deposit with the Treasurer or another banking institution eligible collateral. In the event of a failure of qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

Note 3 - Capital Asset - Land

In February 2018 the District purchased a 138 acre parcel of land from Jacksonville Port Authority known as Reed Island. In May 2019 the District completed its purchase of a 44 acre parcel of land on Reed Island from the City of Jacksonville. These parcels were acquired at a cost of \$395,017 and are stated in the accompanying balance sheet at historical cost. This property is to be used as a dredge spoil site by the District. The District allows others who are similarly situated, such as homeowners associations and special districts, to use the property as a dredge spoil site on commercially reasonable terms as the District may establish.

Note 4 - Revenue Note Payable

Revenue Note payable at June 30, 2019 is as follows:

Series 2018

\$450,000 Harbour Waterway Special District, Duval County, Florida Taxable Special Assessment Revenue Note, Series 2018 was issued to pay the cost of the purchase of land to be used as a site for dredging spoils and to retire the outstanding balances of the Series 2012 and 2013 Revenue Notes. It is payable in annual installments on May 1 commencing May 1, 2019; interest rate is 4.5%.

Payments remaining are to be made as follows:

	Interest	Principal	Total
May 1, 2020	18,631	38,328	56,959
May 1, 2021	16,906	40,053	56,959

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Supervisors
Harbour Waterway Special District
Jacksonville, Florida

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Harbour Waterway Special District, which comprise the statement of net position as of June 30, 2019, and the related statements of revenues, expenses and changes in net position and cash flows for the fiscal year then ended, and the related notes to the financial statements, and have issued my report thereon dated July 31, 2019.

Internal Control over Financial Reporting

In planning and performing my audit of the financial statements, I considered Harbour Waterway Special District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Harbour Waterway Special District's internal control. Accordingly, I do not express an opinion on the effectiveness of the Harbour Waterway Special District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Harbour Waterway Special District's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

July 31, 2019

Board of Supervisors
Harbour Waterway Special District
Jacksonville, Florida

I have audited the basic financial statements of the Harbour Waterway Special District as of and for the year ended June 30, 2019 and have issued my report thereon dated July 31, 2019. I conducted my audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. I have issued my Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards. Disclosures in that report, which is dated July 31, 2019, should be considered in conjunction with this Management Letter.

Additionally, my audit was conducted in accordance with Chapter 10.550, Rules of the Auditor General, which governs the conduct of local governmental entity audits performed in the State of Florida. This letter includes the following information, which is not included in the aforementioned auditor's report.

CURRENT YEAR COMMENTS

Investment of Public Funds

Rules of the Auditor General require my audit to include a review of the Harbour Waterway Special District's compliance with Section 218.415, Florida Statutes, regarding the investment of public funds. In connection with my audit, I determined that the Harbour Waterway Special District complied with Section 218.415, Florida Statutes.

Current Year Recommendations

Rules of the Auditor General require that I address in the Management Letter any recommendations to improve financial management. In connection with my audit, I did not have any recommendations that are required to be reported in this letter.

Violations of Contracts and Grant Provisions or Abuse

Rules of the Auditor General require that I address violations of provisions of contracts or grant agreements, fraud, illegal acts, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but more than inconsequential. In connection with my audit, I did not have any such findings.

Matters Inconsequential to the Financial Statements

Rules of the Auditor General provides that the auditor may, based upon professional judgment, report the following matters that have an inconsequential effect on the financial statements, considering both quantitative and qualitative factors: (1) violations of provisions of contracts or grant agreements, fraud, illegal acts, or abuse; and (2) deficiencies in internal control that are not significant deficiencies. In connection with my audit for the fiscal year ended June 30, 2019, I did not have any such findings.

Oversight Unit and Component Units

Rules of the Auditor General require that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this Management Letter, unless disclosed in the notes to the financial statements. This information is disclosed in Note 1 to the financial statements.

Consideration of Financial Emergency Criteria

Rules of the Auditor General require a statement be included as to whether or not the local government entity has met one or more of the conditions described in Section 218.503, Florida Statutes, and identification of the specific conditions met. In connection with my audit, I determined that the Harbour Waterway Special District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Annual Financial Report

Rules of the Auditor General require that I determine whether the annual financial report for Harbour Waterway Special District for the fiscal year ended June 30, 2019, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended June 30, 2019. In connection with my audit, I determined that these two reports were in substantial agreement.

Financial Condition Assessment Procedures

Rules of the Auditor General require that I apply financial condition assessment procedures. In connection with my audit, I applied financial condition assessment procedures. It is management's responsibility to monitor the Harbour Waterway Special District's financial condition, and my financial condition assessment was based in part on representations made by management and the review of financial information provided by management. The results of my procedures did not disclose any matters that are required to be reported.

This information is intended solely for the use of the Board of Supervisors of the Harbour Waterway Special District and the Florida Auditor General and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Robert M. Thaggard, CPA
