DIA Parking Proposition

- ▶ DIA has been presented with a proposition from a company, Elite Parking Services of America, proposing a 30-year contract to manage parking in downtown, including the authority to set the rates for parking meters and city-owned garages.
 - ▶ Smartphone apps could notify parkers when their meter time is about to end and let them extend the time by using the app.
- ▶ In addition to downtown, Elite proposes the contract cover parking management for areas of Riverside, San Marco Boulevard and San Marco Place where congestion can make it hard to find a parking spot at busy times.
- ▶ If the DIA board decides to consider privatizing parking, the next step would be to put out a solicitation for all entities interested in making offers.
- ▶ City Council ultimately would have the final word if the DIA board supported a long-term management contract.

Infrastructure Update

- ▶ Roads, repair of roads, sidewalks, utilities, and storm water drainage
- ▶ On going projects in the District
