# 2019-2023 Strategic Plan for the City of London

# OUR CITY

Oral history and archeological records show that the London region has been inhabited for over 10,000 years. The Indigenous peoples who have called this region home for millennia include the Anishinaabeg, Haudenosaunee, and Leni-Lenape Nations.

The City of London was founded in 1826, and was quickly established as an administrative and military centre in the region. London's regional importance grew during the American Civil War, as a key shipping centre for the region's agricultural exports. London's geographic position and strong manufacturing sector ensured continued growth through the 20th century, with major annexation of local communities occurring in 1961.

London continues to play a key role as a regional hub for Southwest Ontario, a region of 2.5 million people. Merging our historical expertise in manufacturing, agriculture, and healthcare, with emerging sectors like robotics, digital creative and financial technology, London is a leader in commerce, culture and innovation.

Through innovation and partnerships, London is at the forefront of addressing many community challenges focusing on building a better London for all.

# MESSAGE FROM THE MAYOR

I am excited to present Council's Strategic Plan 2019 – 2023. Together, we've worked hard to develop a plan that is both thoughtful and detailed, and that sets us on a clear path forward.

Over the next four years, we will be focused on Strengthening our Community, Building a Sustainable City, Growing our Economy, Creating a Safe London for Women and Girls, and Leading in Public Service. Of note, we are proud to be the first Canadian city to make a clear and focused commitment to creating a safe community for women and girls.

These priorities are a reflection of what we have heard from our community – what you've shared with us at the door, in ward meetings, at open houses, through focus groups, online, and through your many notes. On behalf of all members of Council, I extend my deepest thanks to all of you who participated in this process.

We have a great deal of work ahead of us. With this plan defined, we now have a road map that will provide focus for our work and that will drive our resourcing decisions as we develop the four-year budget.

We look forward to serving London, and to the work we will do together to deliver on the goals and aspirations of our community.

Mayor Ed Holder

# INTRODUCTION

## THE STRATEGIC PLAN IDENTIFIES CITY COUNCIL'S VISION, MISSION, VALUES AND STRATEGIC AREAS OF FOCUS FOR 2019-2023.
