Attached for your information is an agenda we prepared for a meeting Lanny Russell and I had this afternoon with Chairman Diamond and OGC regarding the Committee's progress to date in its investigation. The purpose of the meeting was to structure a conversation at the Committee's public meeting Monday morning regarding an action plan going forward for the Committee's work.

You will see the agenda and attachments reflect the frustration of our office in our inability to obtain to date the documents we have requested from JEA and its counsel and consultants. Hopefully we made some progress today, but this should be a subject ripe for conversation in Monday's public meeting.

Please let me know if you have any questions or would like to discuss any of this before Monday's meeting. Thanks.

Steve
