**THIS IS ONE-WAY COMMUNICATION. PLEASE DO NOT REPLY ALL.  
THIS IS BEING SENT ON BEHALF OF CM CARLUCCI.**

Fellow Council Members,  
We are looking forward to our five-year strategic planning session on May 5<sup>th</sup>. This year's session will be facilitated by former educator and college president, Dr. Steven Wallace.

We hope to build upon the most recent strategic planning efforts of the Council. Accordingly, attached are the two most recent plans as approved and submitted to the Mayor. Also attached is an initiative continuity overview for your use in preparing for the session.

We will, of course, welcome the submission of additional initiatives by Council Members. It will be helpful if you will send those to Alyson ([aslee@coj.net](mailto:aslee@coj.net)) in advance so we can include them in the materials for the session.

It will also be helpful if Council Members volunteer to serve as "advocates" for initiatives they support from prior plans. Advocates will be asked simply to be available to briefly describe the value they see in initiatives of interest and to answers any questions. There can be more than one advocate for any initiative. Please let Alyson ([aslee@coj.net](mailto:aslee@coj.net)) know if you are willing to serve as an initiative advocate.

The strategic planning session will be held in the Lynwood Roberts room from 9:00 am to 3:00 pm on May 5th. Lunch is included.

Thanks to all,  
Matt
