Subject: Confederate Monument Comprehensive Plan Added to Strategic Plan Submission

**Colleagues, please do not respond as this is a one-way communication.**

I want to share with you my updated input for the strategic plan submission which I mentioned last night at the City Council meeting and ask for your support. I am happy to modify this. We all agree on the need to be leaders of the city as we address this issue related to the Confederate monuments on City property. My update strategic plan submission includes defining a time to accomplish this, identifying funding as needed to be a part of our budget, and working together as a City and a Council on addressing an issue which needs to be finalized.

Here is the item I added:

*1 Year - Comprehensive Plan for Confederate Monuments on City Property - Have a facilitated community conversation to develop a roadmap and funding plan for the removal, relocation, renaming, etc. of all Confederate monuments on City property. This plan should be completed by July 2022 to be included in the FY23 annual budget. Final actions should be completed by June 30, 2023.*

Thanks-Aaron
