Jody,

During our review of the documents and information produced by JEA through OGC to the Special Investigatory Committee on JEA Matters, we identified specific additional documents and information that have not been provided to the Committee and that the Committee needs to complete its investigation. At Chris Garrett's suggestion, we are communicating directly with you, and would appreciate your providing us the documents described on Attachment A and answer the questions listed on Attachment B.

In order to timely conclude the Committee's investigation, we would appreciate your having this information by June 19, 2020, if not before. Please let me know if that is going to be an issue.

Thank you.

Sincerely,

SDB/mj
